I Program Description

Intensive Chinese Program

The Intensive Chinese Program can be divided into six levels, students are divided into classes according to their levels. Meanwhile, students can obtain more Chinese language and China-related knowledge through lectures for HSK examination, Chinese calligraphy, Chinese songs and overview of China, and selective courses such as Business Chinese.

- Two semesters a year, which begin at the end of February and the beginning of September;
- One level will be accomplished for each semester
- Twenty Chinese language lessons (45 minutes per lesson) will be given for each week.;
- About twenty students from different countries for each class.

Intensive Chinese Program helps you:

- Enhance your listening, speaking, reading, and writing abilities rapidly;
- Take HSK examination with more confidence;
- Make friends with enthusiastic and outstanding Chinese students;
- Go to the living quarters in Shanghai to communicate with local people.
